Experience

• *Web Development Project* January 2020

The final month of O'Clock's formation is dedicated to a group project in business condition.

We were 5 people in the group and we had 1 month to create a website from scratch. To do so we used Symfony and React.

HTML – CSS – PHP – JAVASCRIPT - REACT

GIT - SCRUM (Agile) - **PROJECT MANAGEMENT** (technical specifications, wireframes, conceptual model for data, Trello, logbook)

ENGLISH

• *Travel Agent / Capital Culturel Européen (Mâcon, France)* April 2017 - April 2019

I organised school trips in the UK for French groups.

ENGLISH

PROJECT MANAGEMENT (rigour, organization, flexibility, unexpected events management)

• *External relations intern / Museum of Modern Art (Luxembourg)* April 2016 - September 2016

I assisted the responsible for external relations. My main mission was to increase tourist visits and develop corporate events in the museum.

ENGLISH

PROJECT MANAGEMENT - BRAND MANAGEMENT

Education

• *Professional degree: Web Developer* July 2019 - February 2020

To prepare this degree I took the courses delivered by a French training organisation: O'clock (School labelled "Grande Ecole du Numérique"):
- 3 months of courses with practice: HTML, CSS, PHP, JS, GIT MySQL
- 1 month of specialization with practice: React
- 1 month of practice only.

• *Master's degree: Brand Strategy of Tourist Destinations (IAE Savoie Mont-Blanc)* 2014-2016

Includes 1 semester within the London Metropolitan University

• *Bachelor's degree: Sustainable Tourism (Toulon University)* 2013-2014
